*****NOTICE*****

Hearing Scheduled

South Georgia Rails to Trails, Inc v. City of Albany, Georgia
Dougherty Superior Court Civil Action File No. SUCV2022001074

As we all know, on August 19, 2020 SGRT sued the City for its failure to build out the Albany-Sasser rail trail according to the terms of our Agreement with the City. **On Thursday, November 16, 2023 at 1:30 pm SGRT will appear before the Honorable Judge Willie Lockett and address the issues brought under Cities Motion to Dismiss our complaint. The hearing will be held in room 218 of the Judicial Building located at 225 Pine Avenue in downtown Albany.** Our case will be argued by attorney Christopher Cohilas. The hearing should last no more than an hour and fifteen minutes. SGRT needs for you, if possible, to be present at the hearing along with a few of your friends and our trail supporters. By our presence, Judge Lockett will know that this effort has good local support. At the hearing, you will receive a handout relating to the history of our effort to build the trail.

For the past two years, SGRT has delayed moving forward with our litigation giving the City, on two different occasions, the opportunity to apply for construction trail grants. They were not successful and we now find ourselves in the position of having to move forward with our litigation.

Please call either Bo at 229-344-5371 or Spencer at 229-347-6007 with any questions you might have.

See you there!

Spencer Lee
